II International Conference

ROLE OF GEOLOGICAL AND MINING SCIENCES IN ENERGY TRANSITION – UNLOCKING SUSTAINABLE REGIONAL DEVELOPMENT

The Conference aims to bring together professors from faculties of Mining and Geology, researchers, industry experts, as well as representatives of the government institutions and ministries from the region. The goal is to promote multidisciplinary collaboration, knowledge exchange, and the creation of innovative solutions that connect education, research and practical application in the fields of geological sciences, mining, and the energy sector.

Special emphasis is placed on the importance of a multidisciplinary approach and practical application in order to improve teaching methods and create sustainable solutions for energy and development challenges in the region. The conference is designed as an opportunity to connect knowledge, practice and innovation to create a positive impact on the future of the region.

Traditional partner and support is EAGE, as well as the SEG/SPE Student Section of the Technical Faculty *Mihajlo Pupin* in Zrenjanin.

Your paper should be in English, up to 10 pages long including all figures and references (font is *12pt Times New Roman*) - please do not affect the level of the Conference by submitting papers written using ChatGPT. Section Headings are bold and the paragraphs are justified and separated by blank line. Final formatting will be made by the publisher. *Notification of acceptance is up to five days after papers submission.*

VIII International Students' Workshop

PUPIN MEETS NOBEL

Students coming from Universities throughout the world are invited to participate in the International Workshop *Pupin meets Nobel*, which is related to Technical sciences.

Students will not participate only in the Workshop, but also to all events presented in this Announcement. That is nice opportunity to study the advances in all domains of Technical sciences, as well as to meet experts, professionals, academicians and researchers from all over the world.

Students (all three levels of studies) should send paper(s) in English, up to 10 pages long including all figures and references (font is *12pt Times New Roman*) - please do not affect the level of the Conference by submitting papers written using ChatGPT. Final formatting will be made by the publisher. *Notification of acceptance is up to five days after papers submission.*

Special YP lectures and Round table debates related to oil and gas industry and green transition are planned. We will be glad to receive your ideas and comments.

VII SEG/SPE Student sections Networking Workshop

MEMBERS - MEET, GREET & NETWORK!

Officers and members of SEG and/or SPE Student Sections, as well as their Faculty advisors, are invited to participate in the Networking Workshop with annual reports of their sections. After presentation of activities, we organize discussion and brainstorming related to the further joint activities and programs.
